- ★ **Eligibility requirements:** To attend the Advanced TIPS class, you must be a Toolshop® Graduate (received a certificate) or attended 5+ sessions of any TIPS or WPAFB class without graduating.
- ★ **Child care is *not* available.** This class is for *parents* only.
- ★ **Minimum 8, maximum 20 participants.** Registrations on a first-come, first-serve basis.
- ★ **All participants, especially non-graduates** accepted in the program (including spouses of graduates), are **responsible for reading all of each chapter before class**, so they are not dependent on the class for first-time learning of the basis tools.

The TOP benefit I received from the ADVANCED Parents Toolshop class? Hmm... is that an acronym that we covered in class? No, seriously, **I went from a Totally Overwhelmed Parent to a Totally Observant Parent.** I am more observant of ...how my beliefs color a situation...who's problem it really is...respecting my child...my words ...and the tools I have available to me. Most of all, **you have given me hope** that I can change my bad habits and misguided parenting approaches and **be the Mother that I dream of becoming.** And to think, my children will learn many of these skills at such a young age. What a wonderful gift to give them! Thank you for all you have done for my family. — — **Kay Lynch, Kettering, Ohio**
